To avert Armageddon ... ... build Yah's ResearchCity !

To find a real way for how to, I set aside my past career:

2002 Dr. *rer. nat.*, TU Munich, **2003**- Postdocs, Univ. Edinburgh, **2011** Bad Ass. Prof., WID at UW-Madison
2020- DARL wide interdisciplinary diversity-encouraging***wid-e** research marathon to avert Armageddon
See shoulders of some giants I stand on at **Scholar.Google.com**/citations?user=lBchRzQAAAAJ ; more at https://web.archive.org/web/20191227000350/http://evolution.ws/loewe-lab/research & links there.
Please turn over to see Yah's Jonah-Esther-Exodus **call for Jubilees** that I've been dying to bring to you as **Jonah**, 5th **A**pe **o**f **C**hrist 1Jn2:22, גָּאַל for recursive atonement, **R***ed* **R***ider* **o***f* **R***evelation 19* by dereliction, Saint in the hand of *The Most Angry God* Lk.18:14 Am.2:16, Sinner in the hand of *The Most Loving God* Mt.22:11-13...

Yah heaps upon us ... what looks like tons of trouble, but turns out to be ... **our salvation!** Ps.68:20

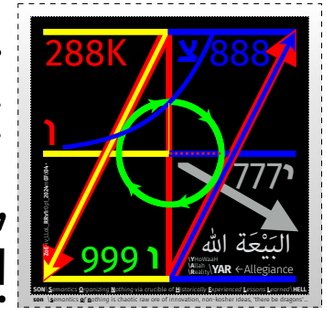

Don't Panic! Pay the Pied Piper ~**$8**/yr/person to **Turn *all* Doom to Delight!**

Let My People Go to **worship Reality**\Allah\Yah **without fear** on a ~7 year Exodus\Walkabout\Haj to Truth in data deserts to avert self-destruction by accidental nuclear winter, pandemics, ..., AI, drone wars, andOr worse!

Scale up in ~7-stages a **ResearchCity** for Truth's logical latrine service Rom.12:1
a. in a legal neutral zone to keep hope alive, **b.** with full-time work-forces,
c. to care for true sustainability, **d.** with all their expertise, skills & tools!

Manifest destiny of US? Real 50-year Jubilees *form a more perfect union*, *improve justice*, *grow tranquillity*, *common sense*, *wellbeing*, & *liberty4all*, *4ever*!

P Please Pray: **1.** for God to shorten our *Great Filter Tribulation*!
R **2.** for humanity to flee to *all* scholarship required in time:
A **a.** before accidental nuclear winter…kills global learning,
Y **b.** before *all* fail Yah's Jubilee exam by betraying Heaven!

Personal Statement: Talk of Armageddon sounds crazy, silly, or frightful. I know. I hate it. Too many cried wolf. On **2020**-03-27 I started a research marathon to find *the truth*, *the whole truth*, & *nothing with the truth* on it. **I** since **plead with** God\Yah\Allah**Reality**: Help **avert** Armageddon **disaster**! Reality asked: ***Why*** if nobody cares for deep truth? Caring to explain how, I built a **20-80+Poster Exhibit** for Pope Leo Xiv, the UN, US,…all **to review my Jonah call**. It echoes prophets of Israel and professors in the US alike. My reviewers say: it's too complicated *unless* I explain in person! I put my **best brief** Poster **overview** on my BizCard to call for **a ResearchCity for all**.

Personal ask: Help me win trust of the 10 Nuclear Kings of Earth, so that they: **(1)** Put Earth 'in an Escrow' for ~7 years; **(2)** Allow me build ResearchCity 4 all; **(3)** Surveil me 4 all.

Jonah saved Nineveh with 5 words. My call has ~144. Some are as cryptic as *Revelation*, except I offer to explain … Call me crazy for acting as if ***You*** **can save the world**. **Believe it, leave it, or shoot me**, but **You can't say I didn't offer You my most credible, best way to escape death by nuclear roulette**. But I refuse to spread fake hope. I await review by Pope Leo Xiv, the UN, US, … to exhibit in Rome, NYC, DC, … before I move Exhibits to **YasPyr.com** if indeed I find that the true hope I found on my 5+year marathon so far is still alive.

Not all on my card **will be clear** to all people. I hope my **email** and **iPhone** number **encourage key people to ask key questions.**

Turn all Doom to Delight!
... for ONLY ~$8/yr/person!

5 words by Jonah inspired Nineveh
to save itself by getting real for once.

~**144 words** on my BizCard sum up my
~20-80+**Poster Exhibit** "**Flying Scroll**" →→
inspired by Zech.5:1-4, offering to **avert**
accidental nuclear winter forever for all.

Now ***You*** pick *your* poison. **Choose:**

(0) Do *nothing* for **death by default**:
→ I'll die in accidental nuclear winter
more likely than in a car crash.

(1) Pay the Pied Piper for **Life in Reality**:
→ I scale up ResearchCity to save *all*
via Reality's Exodus escape-hatch...

I see something. I say something.
U ! **Ignore me at your own peril !**
